

## **ZyDoc Medical Transcription Wins Colorado Mental Health Institute Contract Award**

*ZyDoc Medical Transcription has been awarded a 5-year contract to provide medical transcription service to the State of Colorado Department of Human Services, Colorado Mental Health Institute at Pueblo.*

Hauppauge, NY ([PRWEB](#)) May 13, 2009 -- ZyDoc Medical Transcription has announced that it has been awarded a 5-year contract to provide medical transcription services for the State of Colorado Department of Human Services, Colorado Mental Health Institute at Pueblo located in Pueblo, Colorado.

Scope of services for the contract award, 2009 through 2013, include a web-based document workflow management transcription system for health assessments, psychiatric assessments, operative reports, final summaries, disposition committee reports, sanity evaluations, competency reports and clinic notes, and additional reports as required.

"ZyDoc is honored to be selected by the Colorado Mental Health Institute to perform their medical transcription services," according to James M. Maisel, M.D., Chairman of ZyDoc. "Colorado's health information systems are known for their excellence and we were able to meet their integration and security standards after several companies failed. ZyDoc has worked in challenging environments such as prisons before and we were able to quickly assemble a comprehensive workflow solution to meet their technical, turnaround, quality and U.S. based transcription needs."

With the CMHIP award, ZyDoc continues to strengthen its reputation for excellence as a preferred transcription service for large mental health institutions. Other ZyDoc clients in the sector include Memphis Mental Health Institute (Tennessee); Lutheran Social Services of Northwestern Ohio; and Mental Health Management Services, Inc., the leading national specialist in providing mental health programs and services to correctional systems, serving over 100 facilities nationwide.

"We recently awarded a state contract to ZyDoc Medical Transcription to provide a web-based electronic signature transcription solution for our mental health facilities," states Carmen DeBiaso, Director, Medical Records Department at CMHIP. "This organization raised my level of confidence which opened a door of opportunity to implement a major internal reorganization by reallocating the internal transcription staff as Unit Clerks to assist the treatment team on the Psychiatric and Medical/Surgical units. We are pleased with the decision to award the contract to ZyDoc and have plans for a long-term relationship."

### **About ZyDoc Medical Transcription**

Founded in 1993, ZyDoc is a full service, e-transcription company featuring HIPAA-compliant web-based records, e-signature, faxing, and legacy integration solutions. Physicians, transcription companies, and hospitals use these services and our software to produce, organize, and distribute multi-specialty patient documentation. ZyDoc solves the PC literacy, data entry bottleneck, implementation, and cost issues that plague other clinical documentation and EMR companies. The company uses award-winning technology, workflow enhancements, and the Internet with ASP applications. In 2004, ZyDoc was ranked third nationally in medical transcription by the Medical Records Institute and has also won awards from the medical informatics, speech recognition, and software industries. The technology platform is augmented by 24-hour U.S.-based support through the ZyDoc Operation Center. ZyDoc features unsurpassed highly accurate documents ensured by measurement, continuous

quality improvement, and backed by a staff of U.S.-based level II and III transcription editors, proofreaders and a quality assurance team.
